About Me

Hello! I'm Shehriyaar shahid . I am passionate about UI/UX design and Web Design. I am a skilled **front-end developer** and master of graphic design tools such as Photoshop and Sketch. I am a quick learner and a team worker that gets the job done.

I can easily capitalize on low hanging fruits and quickly maximize timely deliverables for real-time schemas.

TASK 6 : Create a page with a link at the top of it that when clicked will jump all the way to the bottom of the page.

output:

[bottom of the page](#)

IN FIRST STEP:

Hi Coursera,

My name is RAZA KAZMI I am from Pakistan . I want to polish my skill from your Platform I visited many website to learn from their but Coursera is one of them who provide 100% material for their students to polish their abilities and make their skills from it . i wish to

learn from your platform but i can not afford your fees . I am in need of financial assistance in order to attend college because I am a low-income student. I am the 1st child to attend the college. Although my parents gave me many supports, I received a limited financial assistance due to low family income. To reduce family burden, I am working 19

hours per week on campus to support myself. However, with the increasing tuitions this year, I am facing more challenges on financial need I wish to spend more time on my major courses because these courses are the cores of my major and crucial in my future career. Therefore, I would greatly appreciate a helping hand so that I can successfully obtain this course

IN SECOND STEP:

This financial aid would allow me to work less and focus more on my studies. Meanwhile, this financial aid will support me to do more on community service and explore my potential in assisting the needs of people. Furthermore, receiving this financial aid will give me more opportunities to avail the knowledge of technology and expose to newly developed technology. Additionally, awarding this financial aid would further motivate me to pursue academic excellence

I am a student from Pakistan and as a learner, I appreciate Coursera providing such quality courses I have no longer this opportunity and as a student cannot pay these expenses. Currently, my father works as a technician on contract

based in Shell Oil Company and he is the only source of income for my family of ten, while my mother is a housewife. The income my father receives monthly barely meets paying the bills. Financial Aid will help me take this course without any adverse impact on my monthly essential needs. I want to learn this course because it will help me to

understand new methods of learning. I will complete all the assignments and quizzes on time and I intend to participate in Discussion Forums as well. This opportunity will be helpful in my future learning. This course will act as a guide for me if I ever desired to improve at something.

I am a student and don't possess a good financial condition as I mentioned all the reasons. The only I can do is to learn from these quality courses, give benefits to my community and expand my career opportunities.

I am sure this course will be beneficial for my career as it gives me easy access to invaluable learning techniques

This course will act as a guide for me if I ever desired to improve at something.

This is the starting course of meta front-end development this course give me knowledge about what is front end development what is the purpose of this course how this help me in this field.

TASK 2 : Print a paragraph that is a description of a book, include the title of the book as well as its author. Names and titles should be underlined, adjectives should be italicized and bolded.

output:

One particular book which is recommended reading is The Street Lawyer by John Grisham. This book is about a lawyer who begins re-evaluating his priorities in life when a bad incident occurs within his law firm. Consequently, he becomes acquainted with the inner city streets, and realizes the harsh existence of the homeless, and vows to give them a chance in the courts. The Street Lawyer is a *great* book. It is *well written* and *interesting*. Other books by John Grisham include The Firm, The Pelican Brief, and The Client.
